

CALDERDALE TEACHING SCHOOL ALLIANCE

CPLD PROGRAMME 2018 - 2019

Welcome to our CPLD offer for Autumn 2018, Spring and Summer 2019 which we hope you will find both interesting and supportive in meeting your school development needs.

We have included the basic outline of what we are able to offer, but, as a teaching school, we are always ready to be approached by individual or clusters of schools to support on specific development issues.

I am delighted to say that from September 2018 we will now be working in partnership with a number of local teaching schools in Calderdale, Kirklees and Leeds. As a result, the CTSA is able to offer a much wider scope of CPLD and school to school support through our links with partner alliances, increasing the numbers of NLEs, LLEs and SLEs available to support school development.

AUTUMN TERM 2018

- ✚ Mental Health and Wellbeing – initial conference, with linked CPD. Targeting staff and pupils to meet latest requirements
- ✚ New SLE training, including specific training for Mentor Development and Mental Health in schools
- ✚ On-going work with schools as research schools for a number of projects, including supporting schools in enhancing progress in Early Years.

SPRING TERM 2019

- ✚ Metacognition – developing pupil thinking and strategy skills for successful independent learning
- ✚ Parental Engagement – to improve pupil progress (EEF Study Autumn 2018)
- ✚ Mentor training/coaching (in preparation for changes to ITT/NQT/QTS training and induction)

SUMMER TERM 2019

- ✚ Mental Health & Well-being Conference May 13 and 14th 2019
- ✚ NQT Conference May 2019

This is just the outline of what we are able to provide. Final dates and costs will be confirmed and will be circulated to all schools. For expressions of interest, please contact either myself, Linda Brown (lindab@parkinsonlane.calderdale.sch.uk) or our admin staff (address opposite).
